

# Anonymous & Armageddon

Anonymous is still waging cyber warfare on Americans as these disgusting hackers pretend they are against the NWO in childish ways like claiming to hack Russian tv when they are actually hacking the internet and spewing pro Putin Russian propaganda and waging cyber warfare on people who actually expose evil. Alternative media which includes Anonymous are a COINTELPRO operation and their goal is genocide and nuclear war under Project Megiddo.

This Satanist is constantly hacking my electronics and apps and sending threatening communications. I contacted the DOJ on Carey Cowles because he was making death threats about my mother prior to her murder and the DOJ didn't care because they employ him. Carey Cowles is a member of Anonymous and an FBI asset who commits cyber crimes on their behalf. Carey Cowles primarily works under Prince Carlo of Bourbon Two Sicilies. This child murderer and major criminal needs to be hunted down and killed immediately. He likely lives in Old Saybrook CT.

Anonymous is claiming credit for shutting down the Russian govt websites which is an idiotic claim. Russia has cyber security agency called Spetssvyaz and either they shut down their own sites to protect them from cyber attacks or another sophisticated govt agency like Five Eyes hacked them.

Obviously their cyber agency is very active right now and a group of hackers like Anonymous would not be able to do this.

That would be the same as Anonymous defeating the NSA  
which work with the FBI.

Anonymous is an FBI Cointelpro operation of hackers under their Project Megiddo Operation. The FBI catches hackers committing cyber crimes and blackmails them with threat of arrest to work for them. The threat of arrest is their government contract with the FBI. Megiddo is for Armageddon. They wear Guy Fawkes masks and Guy Fawkes was a Vatican-Jesuit agent. Project Megiddo was created by FBI Director Louis Freeh an Italian-US dual citizen. The FBI was created by attorney general Charles Bonaparte a member of the Roman Catholic Imperial House of Bonaparte currently headed up by Prince Jean Christophe Napoleon Bonaparte an investment banker and the nephew of Prince Carlo of Bourbon Two Sicilies the Duke of Castro whose ancestors were the Farneses the Dukes of Castro and they produced Pope Paul III or Alessandro Farnese who officially established the Jesuits as a military order under the Vatican through the papal bull Regimini Militantis Ecclesiae. The Catholic Bourbon Two Sicilies are married with the Protestant Hohenzollerns and Prince George Friedrich von Hohenzollern-Prussia is overseeing this Anonymous cyber warfare. Prince George Friedrich's wife is Princess Sophie von Isenberg and she is a Roman Catholic. The FBI uses low level agents ordered to go after low level criminals comparatively which makes themselves look good. Bon A Parte. "A good part" Anonymous hackers are FBI assets that censor people who legitimately speak out against especially Trump and Putin who are both part of the Vatican's Armageddon program. The media and supposed opposition to Trump and Putin use reverse psychology to get people to take their side. Obviously the overall system like the media and major politicians are corrupt and they pretend to oppose Trump and Putin as a form of reverse psychology.

And these malicious hackers need to be hunted down and executed. These Cointelpro hackers are assisting in war crimes, are violating civil liberties, and committing treason against Americans on behalf of the Vatican City State. These hackers are also tracking people who speak out to be targeted for assassinations. These hackers are hacking electronic systems in vehicles to murder people in car accidents. There is a current further attempt at a coup on behalf of Donald Trump who is a documented mafia associate of both Cosa Nostra and the Russian Mafia. That faction is more dangerous and is a tool of destruction. Trump is a tool of the Bushs who also serve the Vatican. Trump's bosses the Savoy are tools of higher level Roman princes. It's about creating chaos and division and conflict and then seizing more power through an engineered problem reaction solution. Trump is friends with the Gaetani family who are Roman Aristocrats and papal nobility. The Roman Aristocracy are involved in all sides. Being against Trump or Putin does not mean a person supports the opposite political party or side either. People who think that way are brainwashed or are simply liars. The Vatican City as a sovereign nation was established by the House of Savoy under the fascist dictator Benito Mussolini through his Lateran Treaty. This is about fascism or total control.

Project Megiddo was a report researched and written by the United States' Federal Bureau of Investigation under Director Louis Freeh. Released on October 20, 1999, the report named followers of white supremacy, Christian Identity, the American militia movement, Black Hebrew Israelites, and apocalyptic cults as potential terrorists who might become violent in reaction to the new millennium
